Description: Orange and white spotted with some black. Gunman

- The Shadow

Shadow Honey

- LP Archie's Bit O Honey

COMMENTS: OCV. This beautiful PCC Evader daughter is not just a pretty heifer, she is a complete package. She has pedigree with proven genetics, conformation, tri-colored, is dog gentle and her horns were 51.25" TTT on her second birthday. She measured 62.375" TTT on 1-26-15, eight days before she turned 3 years. Should have a calf around sale time. Exposed to K9 Rio Rouge (brindle son of JP Rio Grande) from 7-1-14 to sale date. She is Millennium Futurity eligible. For more information visit www.k9cow.com.

COMMENTS: OCV. Texana Dove Weed is one of the last Tejas Star calves born on my place. Dove Weed is a fantastic package of pedigree, color and horn! This is one of your last opportunities to add the legacy of Tejas Star to your herd! This is one baby doll heifer!!! Exposed to Tejas Meteorite.

COMMENTS: OCV. Stars Perfect Design is a gorgeous Parker brown Starbase Commander daughter that will fit in any premier program in the country. She was 54" TTT on her second birthday and just continues to add to her impressive measurements. Her conformation is excellent. Her disposition is calm and easy going. She is confirmed pregnant through A.I. to W Bar Itsmisterchex2U and will bring her calf with her to the sale.

P. H. No.: 1 ITLA: 260496 Calved: 7-4-12

ZD Jamadan

EOT Super Mary

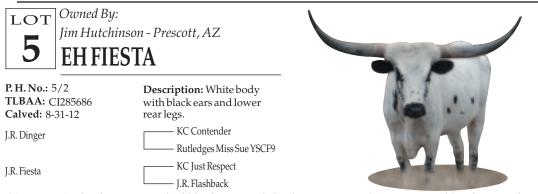

Description: White with brown spots.

— TDJ Super Hero

EOT Overwhelming Mary

COMMENTS: OCV. Both of this young lady's parents are LONG horns. She is a superior balance of Super Mary (79.75" TTT) and Jamadan (80" TTT) not only in appearance but also in being reserved and quiet. She will be somebody. Exposed to Iron Hail (80" TTT) from 7-16-14 to 8-31-14 and ZD Jamadan (80" TTT) from 9-1-14 to present. Pictured at 26 months.

COMMENTS: This fancy 29 month-old heifer is a triple bred Hunts Demands Respect granddaughter. Her horns were 59" TTT before she was 29 months old and should be well over 60" by sale date. She is confirmed bred to RM Iron Stars, a McCombs bred bull sired by Iron Mike. Her dam sold in last year's sale for \$8,700.00. Exposed from 5-17-14 to 11-11-14.

COMMENTS: OCV. Horn genetics! At 25 months she was 58 inches TTT. Her dam is an Owen McGill cow with 90"+ of total horn. This is the best heifer that I have ever raised and I am proud to showcase her at Red's sale. Bred to the 80.5" TTT Crisp Respect bull.

— Hunts Command Respect — Hashbrown

Sunhaven Hersheys Kiss

— Sunhaven Sues Dakota

M&M Class of Arrow

COMMENTS: OCV. A beautiful Sittin Bull daughter with JM Sue and Just Class on the bottom. She measured 51" at 23 months. Good bodied, turning dark roan with dark ears, nose and switch. Exposed to a great BRINDLE LLL Lucky son with Grand Slam on the bottom. This bull is throwing all colors of calves and so far has had several really good heifers. Photo taken on August 28, 2014. Exposed to RJF JR Lucky.

COMMENTS: OCV. Sasha is a genetic goldmine with Hunt's Command Respect, Sittin Bull, Awesome Viagra, and the high dollar cow Sheza Whip Er Wil all in her pedigree. Multiple 70" TTT animals on the top and bottom. Her horns are straight out and just about to go white and explode. See the turned back tips on each end. Will be exposed 60 days by sale time to the McCombs' Partnership bull, RM Super Mac.

	Lakota Chex	Farlap Chex Night Safari BL833
The strength of the strength of the	Pacific Dolly	LL Wrangler Delta Heart-Throb

COMMENTS: OCV. Lolly is one of the last of my Lakota Chex heifers and she is out of one of my best producing cows. You can't go wrong with her and she is solid black to boot. Exposed to Santee Chex, my Cowboy Chex son who is putting serious horn on his offspring. Horn measurement and pregnancy status available at time of sale. She was over 50" at 24 months.

COMMENTS: OCV. We are so excited about this heifer. She combines Tari Graves twice and Top Caliber. Her granddam is Rialito Chic ST, who is also the dam to FL Rio Maxine. We have her bred to Archer Texa to bring in Jamakizm and Texana Van Horne. Top Chic should be bumping 60" TTT at 24 months. This young gal is going to be big time. Exposed to Archer Texa. Millennium Futurity eligible.

River Queen 29 is a huge horned, brindle Maximus ST daughter. Hidden Valley measured a strong 43.75" TTT at 18 months. She will be bred to Top Caliber (87" TTT) for her first calf in 2015. This is a real nice, gentle heifer loaded with potential that you will not be dissappointed with. Visit www.helmcattlecompany.com for updates concerning this offer.

Description: Red, few white spots on underline.

Iron Mike ST

- Hunts Command Respect Hashknife Touchdown Of RM

Rutledge's Mellow Yellow

RM Mellow PAT

COMMENTS: This sweet Iron Mike daughter is going to mature into a fantastic cow. Her dam is out of one of our alltime best cow families that goes back to the Dinger bull. There is quality and predictability found throughout her pedigree and she is going to have a bunch of TTT. She measured 51 1/2'' TTT on 2-20-15 and is currently growing over 1" a month. Not exposed.

COMMENTS: OCV. This little Rose is triple bred Day's Feisty Fannie and Overlyn. Was 53" TTT at 20 months! Nice bases with a great horn set. She is very well built and we have high hopes for her. Believe she will be an elite cow.

COMMENTS: OCV. Very nice LLL Lucky and JP Rio Grande granddaughter with nice lateral horns. Her dam, 7 Bar Lucky Abigail should make 80" TTT at maturity. Leah is confirmed pregnant by my young bull, Luckenbach Texa (JP Rio Grande x Texana Van Horne) who was 74" TTT at 36 months. Exposed to Luckenbach Texa from 10-8-14 to 11-30-14.

COMMENTS: OCV. An outstanding Tejas Star X DML Sharita granddaughter that has it all and is very complete! DML Sharita has horns over 80" TTT and this heifer has a lot of horn and will become one of the stars of the longhorn breed! This is quite a pedigree and is for the breeder that will only settle for the best of the best! Don't miss this chance to own this outstanding heifer!

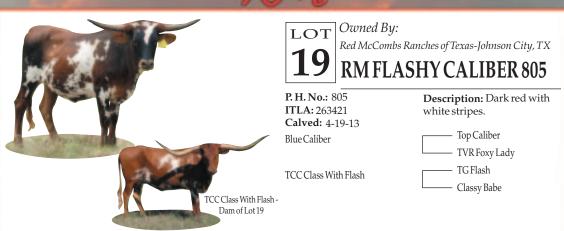

COMMENTS: OCV. Everything about Chexmix Light says solid: solid conformation, solid horn, solid breeding, solid investment. For 8 years, her 10 year-old Starlight blooded dam here at Clear Creek has raised a solid calf for us, Chexmix Light is not an exception. Exposed to Iron Hail (80" TTT) from 6-1-14 to 8-31-14 and to ZD Jamadan (80" TTT) from 9-1-14 to present. Pictured at 19 months.

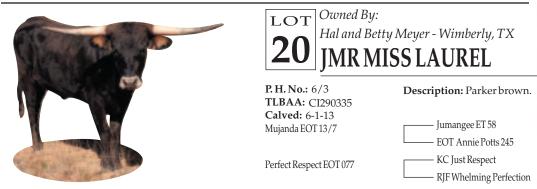

COMMENTS: Here is a just turned 2 year-old out of Lunar Joy who is a big and beautiful cow that is loaded with color and horn. Check out Lunar Joy on the sale pen for yourself. You'll like what you see. Makin Joy's sire is Makin Magic which is a big black and white bull and is in the mid 70's. Joy is exposed to Moo Chex who is out of Bandera Chex. His picture is on the sale pen as well.

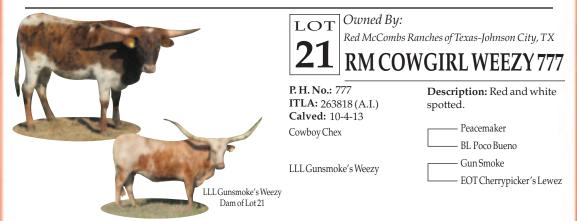

COMMENTS: OCV. BL Monika, the granddam of this heifer, is one of the breed's greatest producers and her cow family line is in demand by all of the leading programs in the industry. We have never considered selling this heifer but we always put our best in this sale and this is your opportunity to own elite genetics with Jamakizm and Monika in the same package. Her sire, Jack Pot, is hitting home runs for us and her dam is out of one of the most consistent and most marketable bulls in the breed, Sittin Bull. This heifer is destined for greatness. Not exposed.

COMMENTS: This heifer fits her name! She is absolutely gorgeous. Her sire is out of the great Top Caliber and her dam has Boomerang, Emperor, Phenomenon and Classic in her pedigree. She is going to be a superstar cow. Not exposed.

COMMENTS: OCV. JMR Miss Laurel is a very nice heifer out of an outstanding KC Just Respect daughter, Perfect Respect, who has a ton of horn at a young age. Miss Laurel is out of Mujanda EOT, a horn producing bull who goes back to Boomerang CP and Sensor. Solid breeding top and bottom on Miss Laurel and she is destined to grow a lot of horn. She is gentle, feminine, flat horned and just a sweetheart. Miss Laurel is not exposed.

COMMENTS: OCV. It just doesn't get any better! A brindle Cowboy Chex daughter out of some of the most proven breeding in the business with Gun Smoke, EOT Cherrypicker's Leweze and Tabasco's Lezawe. Cattle out of this family never miss. This heifer can be a game changer for your program. Not exposed.

PAGE8

COMMENTS: OCV. This heifer is one of the nicest we have to offer. She comes with a stacked pedigree (PCC Evader, Gunman, JP Rio Grande), and lots of potential. Don't miss this gal!

Day's Carrie Virginia COMMENTS: OCV. Forget Me Not came right out of our futurity pasture. Her dam is a 75" TTT, big, beautiful brindle cow. Her sire is the great Bandera Chex. We like to hold on to our Bandera heifers. They are the total package. With a pedigree like this, there is no reason why she won't help your program. If Forget Me Not can't make you happy, no other heifer can.

Please see the listing in the main catalog and take advantage of this one time offer.

COMMENTS: I cannot say enough about RC Pacific Mermaid. She has been one of the finest cows in such a short time. Nearing 80" TTT. She has a son named Outsider that measured 45 1/16" TTT at 12 months. Mermaid has a daughter that measured 59" TTT at 21 months of age. This cow has consistently thrown out big horned offspring. She is a queen in our pasture. Take home a heifer out of one of the elite cows in our breed along with an elite bull in Cowboy Tuff Chex.

Touchdown Of RM
Dalgoods OK Swoop

COMMENTS: This is an awesome opportunity to own a calf out of Tuff and the soon to be 90" RM 555. The recipient is also a registered cow and sells as part of this offering. Touchdown has produced some of the greatest cows in the breed and 555 is one of his best and we believe that her calf will have optimum value in this industry whether it is a heifer or a bull. Take a long, hard look at the pedigree both top and bottom and you will see quality and value stacked for generations. The OK Swoop cow has been a fabulous producer for us.

GFScarlet

PPF Mimosa

COMMENTS: OCV. This consignment is for a recipient cow carrying an embryo heifer from PPF Mimosa and RR Sweet Brindle Dust. PPF Mimosa is a Gun Maker daughter that is seven years old. She has always been ahead of her class with more horn than the competition. Through the years - she has won 15 bronzes for us. She is a perfect conformation cow with too much horn. When she was two years old, she was 53 1/4" TTT. That was a monster number in January, 2010. In the 2014 HSC, she had 107 1/4" TTT. She is a producer. Her last heifer calf (in the picture with her) was 60" TTT at twenty four months. As a rule, Gun Maker daughters have total horn and not a lot of TTT. Their offspring break all of those rules. Case in point - the embryo is bred to RR Sweet Brindle Dust who's dam is a Gun Maker daughter. Wow! Here we go again.

Shadow Jubilee - Dam of Lot 27

Calved: 1-1-15

Cowboy Tuff Chex Shadow Jubilee Cowboy Chex BL Rio Catchitt The Shadow GMR 1182

COMMENTS: If you could only have one female to build your herd with here is the one you would select. You have 90" genetics top and bottom. You have some of the elite individuals that are in the industry in both sides of her pedigree. You have the opportunity to buy the absolute best of the best in a heifer that is outstanding. Tuff is the most talked about bull in the breed and Shadow Jubilee is an "in demand" cow that has produced the great RM High Hopes bull. This breeding is "red hot", don't let it get away.

COMMENTS: Selling buyer's choice of full-sisters calved on 3-27-14 and 4-2-14. These heifers are the product of a royal mating. The sire side of the pedigree is generation upon generation of popular bulls including the late Jamakizm. The dam is one of our best cows with Night Chex, Awesome Viagra, Phenomenon and Starlight stacked in her pedigree. This is a rare opportunity to acquire a can't miss heifer.

COMMENTS: This young bull is ready to breed to your heifers and he has his horns laid flat and headed in the right direction. He has a star-studded pedigree that will add horn, size and predictability to your herd. His sire is a 75" Super Rex son that is massive and that has sired some great calves for us and our partners, Kurt and Glenda Twining. Super Mac's dam is out of Uncurled, the dam of Touchdown. Now add the bottom side of the pedigree to this equation. He is out of a daughter of the over 80", \$150,000 Royal Reputation that also has VJ Tommie and our great Mandy cow in her pedigree. We will announce his TTT at the sale.

Lot 19 - RM Flashy Caliber 805

You couldn't order a better bred heifer. Her sire is a Top Caliber son and her dam has an incredible pedigree that includes Boomerang, Emperor and Phenomenon.

LLL Gunsmoke's Weezy -Dam of Lot 20

Lot 21 - RM Cowgirl Weezy 777

Who wouldn't want this gorgeous brindle Cowboy Chex daughter? Her dam is one of our best cows with generations of top producers as well as elite genetics such as Emperor, EOT Cherrypicker's Leweze, Tabasco and Tabasco's Lezawe.
