Cactus Country

Cover photo: G & L Painted Savage

We want to welcome you to the Fiesta Heifer Sale which we think will be our best ever! We will be selling some choice lots featuring the best the breed has to offer. **FOR THE FIRST TIME EVER WE REQUIRED THAT EACH HEIFER HAVE AT LEAST ONE PARENT OVER 80" TTT.** Inspection of the pedigrees of these cattle will reveal numerous cattle in the 80's and beyond with generations of big horned cattle stacked one on top of the other. There are cattle selling this evening that would not be for sale had it not been for this sale. We thank the consignors for sharing the top of their breeding programs. We have never seen an offering like this before and truly believe that these heifers will anchor prominent breeding programs when they mature. **THIS IS AN INCREDIBLE OPPORTUNITY.**

Thanks for coming. We hope you will come out early and visit with the owners and learn about the heifers in the sale. We are very excited about this offering and know you will be too.

BREEDING: Unexposed.

OCV'd. Beautiful purple roan heifer (shown at 22 months). Sire is Rip Saw (a great Sittin Bull son with McGill breeding on the bottom) who measured 85-1/8" TTT and 101-3/4" total last October. Dam is SH Cactus Rattler who is tipped approximately 5" but measured 74" TTT and 86-3/4" total in October and is Mike Bowman breeding on top and Asbill and McGill breeding on bottom. She has a lot of horn, unusual color and has not been exposed since she turns two so near the sale date, so put her on your best herd sire. Both sire and dam are excellent producers and her appearance speaks for itself. We will measure before the sale. Here are Sittin Bull, Rip Saw, HCR twice, Boomerang CP, Rattlesnake, Pearl and Overwhelming Toro genetics.

Prolific and proven producer RC Pacific Mermaid, has been IVF'd to CV Call of Duty utilizing reverse sorted semen. Confirmed heifer due in early July 2017 and will be weaned and ready for delivery in January 2018. You are buying a guaranteed weaned heifer calf (recip not included). Buyer will get his/her pick of calves when they are born.

Pacific Mermaid is over 80" TTT and she has 3 progeny that are already over 80" TTT. Mermaid's progeny include SHR Majestic Mermaid, Tsunami 2, RM Texas Mermaid, Outsider, Concealed Identity, JTW Mermaid Up 9, RC Neptune and Pacific Cowboy 40. It is an incredible legacy for a cow who is only 7 years old.

CV Call of Duty measured over 76" TTT at 29 months. He is out of CV Cowboy Casanova and FL Rio Maxine. Call of Duty is growing faster than his sire at the same age. Casanova sired Casanova Magnum who is only the second bull to reach 90" TTT. FL Rio Maxine has produced BG Cricket, Tuff's Ruff N Rowdy and Tuff's Titan amongst others. She is near 80" TTT and Cowboy Casanova is over 84" TTT.

If you have any doubt about the quality of Mermaid's progeny consider who owns them: Red McCombs, Helm Cattle Company, Dr. Zech Dameron, Bob Larson, Rockin I Ranch, JT Wehring, End of Trail Ranch, the Craft Ranch/ G&G Longhorns Partnership, Gilliland Ranch and Doug Hunt. These are among the best Longhorn breeders in the industry. This is your opportunity to join them by owning a heifer calf out of one of the best cows in the industry. Bid with confidence.
