Welcome to the RM!

We welcome old and new friends to the RM!

We are excited to welcome you to our annual sale. Last year featured our best set of cattle ever and a record attendance and high prices proved that the breed is generating new interest and that there is tremendous demand for top end cattle. We would like to thank all of our buyers, especially Hudson Longhorns for their confidence in our breeding program by buying RM OK Lady PAT 555 for \$100,000.

We are always trying to improve the sale and offer cattle that will impact your breeding program and make you money. Our heifer sale has been a huge success because we have sold quality cattle and this year we decided to kick it up a notch. All heifers in our Fiesta Heifer Sale were required to have at least one over 80" parent and there are many other 80" cattle in their pedigrees. Where the measurements were available we have shown them in the pedigrees of the heifers. Heifers from this sale have the horn genetics we are all looking for. Buyers will be making investments in these cattle, not just purchases. In our Saturday Fiesta Sale there are numerous outstanding lots, from superbly bred heifers to gorgeous twisty horned cows. The RM is selling several of our best as well as RM Mellow Specks, who we think is the most beautiful cow we have ever raised.

Here at the RM we have always concentrated on proven cow families and productive bull lines. We are pleased to be breeding our heifers to TCC Houdini this year. We think this young bull has a great future and thank Joe Sedlacek for letting us breed to him. There will be a special semen offering on him at the sale and we encourage people to take advantage of this opportunity. We also have added a new bull, G & L Painted Savage. This bull has been siring some of the most beautiful calves we've ever seen. We will be offering semen on him for \$50 at this sale only prior to increasing the price.

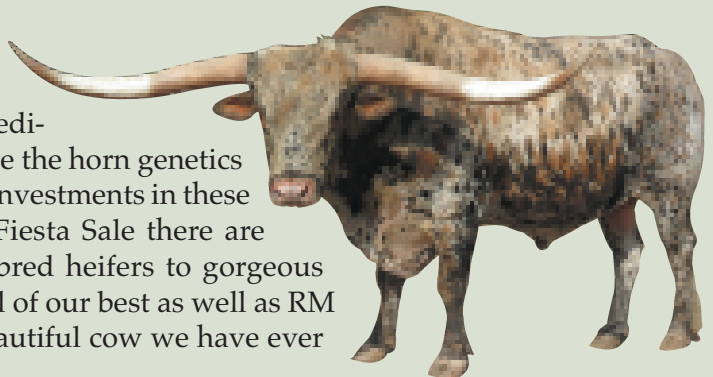

Regardless of your needs we think we have something for everyone at this year's sale. Thank you for your attendance and we hope you enjoy your visit.

COMMENTS: Over the years we have developed some incredible bulls. This youngster arguably carries the most promise of any we've raised. His sire represents breed royalty top and bottom. JP Rio Grande will go down in history as one of the all time greats. Shadow Jubilee was well over 90" and her breeding is widely sought after. His dam is perhaps our favorite RM branded cow ever. Touchdown has earned his place as an elite producing bull. Mellow Specks oozes eye appeal and her dam produces exceptional twist when bred to Touchdown. COMMENTS: Arguably one of the finest Sharp Shooter daughters in the breed. She has tremendous horns that are mid 70's tt and is on her way to 100 inches of total horn. Great milker and disposition. We are retaining two heifers from this lady, one is black and white and one is brown and white. She comes to you with a potential black herd sire out of CV Call of Duty who is 80 tt and 92 total horn and he is still a two year old. He is also a three time futurity champion and a two HSC champion. Great genetics in this pedigree with Hunts Command Respect, Top Caliber, Burnin Daylight, Hashbrown and then you add in the black with Loomis breeding with BL Night Chex and BL Peggy Sue and JMC Phenomenal Peggy Sue. These are top genetics with 9 animals who are over 70 and 80 tt. Potential 3:1 back with CV Call of Duty. This gal is only 6 years old and think about all the great calves you will get over the years. We certainly like our two heifers. COMMENTS: OCV. "Millennium Futurity" SHR Bella Marie is one of our very best cows. She is a beautiful Super Lee daughter. Her dam, Chilea Leigh was our top producer who always out produced herself every time. Bella is loaded with horn, proven genetics and is a large body cow. This is a great opportunity to own such a proven cow in her prime. Help yourself! Exposed to SHR Johnnie Football 33/14 from 3-11-16 to sale date.

COMMENTS: OCV. If you're looking for a young cow that will be rock solid in your breeding program this is her! She is going to mature into a top notch cow with a bunch of horn, she's currently 62 3/4". Her sire, Iron Mike, produced many wonderful daughters for us. His calves have a tendency to have a horn explosion between two and three and then they're off to the races! They make great cows. Her dam was a wonderful producer that had a great son, JM Sue as well as several good daughters for us both with Touchdown and Iron Mike. COMMENTS: Unusual twist on this pretty cow with Owen McGill breeding. She is by SH Double Brandy who had a lot of good-horned offspring. He was a HCR son out of Nock, a Roundup x Fletch daughter and her dam was by Stagecoach and out of Butterscotch, all from Mr. McGill. Butterscotch is by Chuckwagon and out of Caramel. Great breeding, unusual horns and unusual yellow dun and white color. We just kept a bull calf out of her who is dark gold for a bull prospect. I wanted something good and a little different for this sale. McGill breeding is getting hard to get and here's an opportunity to own a good one. This cow has HCR Roundup, Stagecoach, Tumbleweed and Chuckwagon close up in her ped. She measured 73" TTT and 81 1/2" total on Feb. 6, 2017. Palpated 5 months bred on Feb. 6 to MMW Gorilla, a super producing bull who is Watson 171 x Delta Van Horne and is over 77" TTT with great conformation and disposition.

LLL Max's Cinder

☐ Maximus ST

☐ PCC Jiggles

COMMENTS: OCV. "Cinder" is a beautiful cow sired by the late LLL Lucky. She is a half sister to Hoosier's record-breaking Lucky Lady and is a full sister to LLL Lucky's Cinderella who sold for \$19,000 at the 2012 Red River Sale and again for \$43,000 in the 2013 Hudson / Valentine Sale. If you're looking for genetics that can take your program to the next level, look no further, predicting to be in the mid 80's TTT. Cinder comes to you unflushed. She has been exposed to HL Rebellios.

COMMENTS: OCV. This little heifer has it all. Lateral horn and a great body to go with it. She has been exposed to HL Lucky Stripe, a beautiful brindle bull who goes back to Hunts Command Respect and LLL Lucky. This calf will be amazing! The dam of this heifer was purchased at this very sale several years ago and continues to be a strong producer in our pasture. I'm sure this little girl will do the same.

Terms and Conditions

Except for those stated in the below terms and conditions there are no warranties, either expressed or implied, as to merchantability or fitness for a particular purpose with respect to the cattle being sold at this auction.

The warranties and guarantee set forth in the "Terms and Conditions" are in lieu of all other warranties, either expressed or implied, and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any party claiming through buyer, for any breach or warranty or guarantees therein provided, and all other obligations or liabilities.

1. Bidding

Each animal will be sold to the highest bidder. The auctioneer in charge will settle any disputes as to bids, and his decision shall be final.

2. Terms

Terms of the sale are cash or check or approved credit. Settlement must be made to the clerk at the conclusion of the auction.

3. Purchaser's Risk

Each animal becomes the risk of the purchaser as soon as sold, but will not be delivered until settlement has been made.

4. Certificate of Registry

When full settlement has been made, a certificate of registration will be furnished and transferred to the purchaser. Give full name and address to the secretary when making payments so the Certificates of Registry will be transferred properly.

5. Health

All animals are eligible for interstate shipment except as otherwise noted. The cattle have been tested for tuberculosis and brucellosis within 30 days of sale date. A certificate will be furnished. Cattle have not been tested for any other diseases and therefore it is the responsibility of the prospective purchaser to request any other tests on individual animals from each consignor well in advance of the sale in order to obtain a negative test result for a given disease. Sellers may voluntarily test their cattle for other diseases should they be requested but have no obligation to do so. There is no implied guarantee for refund or replacement of cattle that may test positive for any disease other than tuberculosis or brucellosis after the sale.

6. Announcements

Announcements from the auction box take precedence over printed matter in this catalog. All cattle will be sold by lot numbers, as announced by auctioneer.

7. Breeding Guarantee

(A) All animals are guaranteed to be breeders with the exception of: (a) injury or disease occurring after sale, (b) negligence or willful misconduct on the part of the purchaser.

(B) Any female is considered a breeder if she is pregnant at the time of this sale and /or she has a calf at side.

(C) Any bull which either: (1) produces viable semen; (2) settles 1/3 or more of the healthy cows he serves; (3) is the sire of 20 or more animals; or (4) settles cows by natural service,

and passes a fertility test made by a competent veterinarian during any six month period trial, shall be considered a breeder.

(D) Buyer must notify seller within one year of any breeding problem found in an animal.

8. Embryo Transfer Guarantee

All donor cows that have been worked successfully in embryo transfer are guaranteed to produce good embryos with the exception of other guarantees stated in the footnotes of this catalog or announced from the auction block. It is understood that these guarantees are valid only if: (1) a qualified person or persons do the transfer; (2) donor cow is managed properly in embryo transfer (i.e. not over conditioned and/or overworked); (3) injury or disease does not occur after the sale and (4) the purchaser is not negligent or willfully mistreats the donor cow.

9. Options and Privileges for Return or Adjustment

(A) All claims for adjustment or return must be made in writing within six months of the sale date.

(B) Any animal that has not proven itself a breeder within the time limits specified above, if in healthy condition, may be returned to seller at buyer's expense. The seller reserves the right and privilege of trying for a period of six months to prove the animal a breeder. If proven a breeder, an animal will be returned at buyer's expense. Should the animal fail to breed, the seller, at his option, may either return the purchase price or make replacement of the animal with another of equal value.

(C) Any animal returned must have a veterinarian's certificate that it is free of Bangs and tuberculosis.

10. Rights and Obligations

(A) The above terms and conditions of sale shall constitute a contract between the buyers and sellers of each animal and shall be equally binding upon both.

(B) Animals resold following the purchase in this sale shall constitute a separate transaction, and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

(C) All persons who attend the sale do so at their own risk and the owners nor any person connected with the management of the sale assume any liability, legal or otherwise, for any accidents which may occur.

11. Applicable Law

All cattle (or horses) in this sale are offered according to the laws of the State of Texas. The right to bid, as provided under the law, is reserved for all Consignors, including owners and their agents, unless otherwise announced by
