Welcome to the RM!

We would like to thank both our consignors and buyers for their continued support of the Fiesta Sale. So many of you have told us that you consider this to be "your sale." This year we have an exciting group of cattle for your consideration. We thank Mike and Holly Davis for sponsoring the Friday night party and welcome the Hevers and Hutchesons of HH Cattle Co. as sponsors of Saturday morning breakfast tacos.

Our herd has benefitted in the past few years from the use of the best bulls we have ever had. The addition of The Beast is just now paying great dividends and he has joined Icon of RM and G & L Painted Savage as our senior herd

sires. You will see many of the RM lots bred to these great bulls. As an added attraction we will be offering a semen special for Icon of RM Heifer Sexed Semen.

BREEDING INFORMATION: Exposed to Garland's Big Tex from 1/7/20 to sale date.

COMMENTS: OVC'd and Johne's tested negative. We love this Longhorn; she is truly a remarkable specimen. She maintains a nice natural full figure while retaining her femininity. On 1/7/20 she measured 94.5" TTT, adding 4 plus inches over the last two years. At this rate she is headed to 100"+ in the next two to three years. A great milker, she breeds back every year like clockwork. We sold one of her daughters to Hudson Longhorns and retained two heifers for our program. We have her exposed to Garland's Big Tex for a fall calf. Garland's Big Tex is one of the most phenomenal young bulls we have ever raised. A son of JBR Eclipse out of Texana Garland's Gal measuring 94.625 "TTT" who we bought for \$87,500 at this very sale. Millennium Futurity Eligible.

CONSIGNOR: Red McCombs
DOB: 4/24/2008 **PH#:** 78/8 **REG:** C1259694
BREEDING INFORMATION: Bred to G & L Painted Savage

COMMENTS: OCV'd. Snookie is a fabulous cow that measured over 82" in January 2019. She is the complete cow with great eye appeal, gentle disposition and perfect conformation. Her pedigree includes Boomerang and The Shadow as well as old genetics that include Butler, Texas Ranger and WR breeding. For many of us this cow will be outcross breeding. She is bred to G & L Painted Savage for a painted calf with both parents in the mid 80's. John's negative.

RM Iron N Satin

CONSIGNOR: Red McCombs
DOB: 5/5/2012 **PH#:** 743 **REG:** 260190
BREEDING INFORMATION: Bred to Icon of RM

COMMENTS: This is a very pretty Iron Mike daughter that will be over 80" when she sells. Her dam was a special cow that we lost early. Iron Mike, a Hunts Command Respect son, was a great bull for us producing many great and flashy daughters over the years. Also, of note in this pedigree is the great McGill cow Hashknife that was a daughter of the top producing Tabasco bull. The bottom of her pedigree is equally strong featuring ZD Kelly, one of the early over 80" bulls that sired some massive horned daughters and a Working Woman clone which is some of the best blood to come out of the Loomis herd. John's negative.

COMMENTS: OCV'd. Briskly Go The Stars is a beautiful heifer sired by the great LAR Smoke'N, full brother to CV Cowboy Casanova. On her dam's side she traces back to tremendous bloodlines produced right here at Star Creek Ranch, including X Star and Starbase Commander. This fancy girl will come to the sale with a calf sired by Lucchese Star, a bull that has the bragging rights of a 100"+ sire. Cowboy Tuff Chex, and a 102"+ dam, Kinetic Motion of Stars. With this pedigree her calf may well be more valuable than Briskly- just don't tell her that! Briskly is gentle, easy to work with and just getting started on growing those awesome horns. Safari's Rose Red FR 9/9 *Unborn Embryo-heifer sexed-Registered recipient*

CONSIGNOR: John Clark
DOB: Due Mid August

COMMENTS: OCV'd. The magic in this offering is the embryo carried by Safari's Rose Red FR 9/9. You are buying a heifer sexed embryo in a registered recipient cow! Confirmed on January 6, it will be born in mid August. We bought the donor, Tuff's Rose, four years ago right here at the Fiesta Sale as an unborn embryo out of the longest horned bull in the breed Cowboy Tuff Chex (over 103") and Max's Red Rose (over 90"). Her daughter, Rex's Red Rose is over 100" TTT. Tuff's Rose measured 77.5" on her 4th birthday and continues to add horn every month. We used WS Vindicator with heifer sexed semen to provide a great, unrelated outcross with tremendous potential. We also think the likelihood of a black and white heifer baby is very high as both sire and dam are black and white. You won't have long to wait for the magic to begin.

Terms & Conditions

Except for those stated in the below terms and conditions there are no warranties, either expressed or implied, as to merchantability or fitness for a particular purpose with respect to the cattle being sold at this auction. The warranties and guarantee set forth in the "Terms and Conditions" are in lieu of all other warranties, either expressed or implied, and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any party claiming through buyer, for any breach or warranty or guarantees therein provided, and all other obligations or liabilities.

1. Bidding

Each animal will be sold to the highest bidder. The auctioneer in charge will settle any disputes as to bids, and his decision shall be final.

2. Terms

Terms of the sale are cash or check or approved credit. Settlement must be made to the clerk at the conclusion of the auction.

3. Purchaser's Risk

Each animal becomes the risk of the purchaser as soon as sold, but will not be delivered until settlement has been made.

4. Certificate of Registry

When full settlement has been made, a certificate of registration will be furnished and transferred to the purchaser. Give full name and address to the secretary when making payments so the Certificates of Registry will be transferred properly.

5. Health

All animals are eligible for interstate shipment except as otherwise noted. The cattle have been tested for tuberculosis and brucellosis within 30 days of sale date. A certificate will be furnished. Cattle have not been tested for any other diseases and therefore it is the responsibility of the prospective purchaser to request any other tests on individual animals from each consignor well in advance of the sale in order to obtain a negative test result for a given disease. Sellers may voluntarily test their cattle for other diseases should they be requested but have no obligation to do so. There is no implied guarantee for refund or replacement of cattle that may test positive for any disease other than tuberculosis or brucellosis after the sale.

6. Announcements

Announcements from the auction box take precedence over printed matter in this catalog. All cattle will be sold by lot numbers, as announced by auctioneer.

7. Breeding Guarantee

(A) All animals are guaranteed to be breeders with the exception of: (a) injury or disease occurring after sale, (b) negligence or willful misconduct on the part of the purchaser.
(B) Any female is considered a breeder if she is pregnant at the time of this sale and/or she has a calf at side.
(C) Any bull which either: (1) produces viable semen; (2) settles 1/3 or more of the healthy cows he serves; (3) is the sire of 20 or more animals; or (4) settles cows by natural service, and passes a fertility

test made by a competent veterinarian during any six month period trial, shall be considered a breeder.
(D) Buyer must notify seller within one year of any breeding problem found in an animal.

8. Embryo Transfer Guarantee

All donor cows that have been worked successfully in embryo transfer are guaranteed to produce good embryos with the exception of other guarantees stated in the footnotes of this catalog or announced from the auction block. It is understood that these guarantees are valid only if: (1) a qualified person or persons do the transfer; (2) donor cow is managed properly in embryo transfer (i.e. not over conditioned and/or over-worked); (3) injury or disease does not occur after the sale and (4) the purchaser is not negligent or willfully mistreats the donor cow.

9. Options and Privileges for Return or Adjustment

(A) All claims for adjustment or return must be made in writing within six months of the sale date.
(B) Any animal that has not proven itself a breeder within the time limits specified above, if in healthy condition, may be returned to seller at buyer's expense. The seller reserves the right and privilege of trying for a period of six months to prove the animal a breeder. If proven a breeder, an animal will be returned at buyer's expense. Should the animal fail to breed, the seller, at his option, may either return the purchase price or make replacement of the animal with another of equal value.
(C) Any animal returned must have a veterinarian's certificate that it is free of Bangs and tuberculosis.

10. Rights and Obligations

(A) The above terms and conditions of sale shall constitute a contract between the buyers and sellers of each animal and shall be equally binding upon both.
(B) Animals resold following the purchase in this sale shall constitute a separate transaction, and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.
(C) All persons who attend the sale do so at their own risk and the owners nor any person connected with the management of the sale assume any liability, legal or otherwise, for any accidents which may occur.

11. Applicable Law

All cattle (or horses) in this sale are offered according to the laws of the State of Texas. The right to bid, as provided under the law, is reserved for all Consignors, including owners and their agents, unless otherwise announced by the Auctioneer.
