Welcome to the RM!

Welcome to the RM!

We are excited with what is happening in this great breed. The overall quality of all Texas Longhorn cattle has improved at an unbelievable rate and breeders are more sophisticated than ever before. Many of our friends and associates in the industry are producing powerfully bred and elite cattle. The demand for quality and consistency is greater than we have ever seen before. There are now many breeders who are committed to meeting that demand.

RM High Hopes

The market for cattle in general is stronger that it has been in many years and the market for quality Texas Longhorn cattle is strong and vibrant. At no time since we've been in this business have we seen so much confidence in the top end of our cattle.

At today's sale you will see the best quality offering we have ever had being sold by a large group of outstanding breeders. We want to thank these fine folks for bringing their best to the sale and we want to encourage you to take advantage of this opportunity.

RM Aussie Cowboy

This year's heifer sale is a bonanza for those of you who want to add some of the leading genetics in the breed to your herd. It is obvious that all of the consignors have topped one of their best to put in this sale. We have also included five embryo transfer lots that were hand picked out of some of the best matings available anywhere. These five lots, as well as an exceptional herd sire prospect, can get your breeding program where it needs to be in a hurry. All of us could improve the quality of our herds by adding one or more of these lots.

Last year we displayed RM High Hopes at the sale for the first time. He is continuing to develop into a bull that will meet the legacy passed to him by his parents, JP Rio Grande and Shadow Jubilee. We will be selling several lots bred to him and we invite you to add his breeding to your herd. We now have another young bull that we expect great things of, RM Aussie Cowboy. His sire is Cowboy Chex and his dam is BHR Boomerang Beauty. We will be making a special semen offering on him at the sale.

To those of you who have consigned to this sale, we applaud you for the wonderful cattle you have brought to the sale. To the many of you who are attending the sale, we greatly appreciate you for being a part of our sale and for the confidence you have in our program. Every year great cattle sell in this sale ring and every year people take cattle home that boost their breeding program and make them money. Don't let this opportunity pass you by.

- ☐ Hunts Command Respect
- ☐ Saw Dust
- ☐ Watson 167
- ☐ Coopers 98

COMMENTS: OCV. This a rare opportunity to own a daughter of the late Buzz Saw. This is an impressive young cow that will hit 70" this spring and has a pedigree that is loaded with super producers such as Hunts Command Respect, Saw Dust, Chuckwagon, Hay Hook and Watson 167. She is bred to RM High Hopes for an awesome calf. Don't miss her.

COMMENTS: OCV. It is a rare opportunity indeed when we are able to share a cow that represents the heart and soul of our herd. This cow is a clone of Doherty 6. Doherty 6 is now deceased and we were fortunate to have cloned the cow that produced some of the greatest individuals in the industry with several daughters over 80" and one selling for \$100,000 and another for \$64,000. There is some of the most outstanding twist genetics in the breed in this family. Another Doherty 6 clone produced Lot 52 which shows you what you can look forward to when you add this cow to your herd. Don't miss this chance. She is bred to our fabulous Jamakizm son, Jack Pot.

— CP Yates Flower

Daughter of Lot 35
owned by Alex Dees.

COMMENTS: OCV. RM Heavy Touch is a gorgeous bull that crosses the Super Bowl and Heavy Hitter lines. These genetics are important building blocks that will cross well into many herds. Heavy Touch has produced some fancy daughters for the Allens. Last year at this sale a top two year-old daughter sold to Alexandra Dees for \$6200. He has consistently thrown a lot of lacey faced offspring (see Lot 38). His TTT is 75". No semen has been collected on this bull.

COMMENTS: OCV. Beautiful, feminine, daughter out of the phenomenal producer "Wiregrass Laura" who is now 84+" TTT and a producer of a number of 80+" TTT offspring. Sired by Top Caliber (87+" TTT) her full sister Helm TC Lauras Mercy (80+" TTT) sold for \$48,000 at the 2014 H/V Sale. This girl has a ton of horn at 72" TTT and 94" TH in December, 2014, her last calf is a real nice heifer that we will retain. Bred to our Concealed Weapon son Hubbells 20 Gauge who is 75" TTT at 31 months, this 2015 calf will have mega 80" to 90" TTT horn production in the pedigree, including Hubbells Rio Glory (83.5" TTT), Hubbells Morning Glory (78" TTT) and Horseshoe J Example who is near 90" TTT. Only a few of these Wiregrass Laura daughters out there and this is a great one. Serious offer for serious breeders! Exposed to Hubbells 20 Gauge from 10-19-14 to 3-30-15. COMMENTS: OCV. Choosing to put this cow in the sale was not an easy task. She is over 77" TTT and has massive horns. We really like this cow and her dam has been one of our best producers as well. Bo Jangles Chex sired many top daughters and he, of course, is a son of the great Coach and out of a Tari Graves daughter. It doesn't get any better than that. Her dam is also selling in this sale and is a VJ Tommie daughter that is out of BL Fancy Pants. You can't miss with this package and she is bred to Touchdown Of RM.

COMMENTS: OCV. This elite cow should reach 90" TTT by sale day. Her pedigree is stacked with the best genetics the breed has to offer. On the top, EOT Cherrypicker's Legend is out of Mike and Debbie Bowman's program and the bottom, her dam, Lively's Fancy Lady was sired out of Bob Loomis' program with the strong Hot Chex genetics. All of her calves have been females and have long, lateral horns like her. We have kept them all. She is super friendly, a great mom and sure to add horn to your program. She is one of the very best. Allens Doherty 1/06

- ☐ Hunts Command Respect
- ☐ Hashbrown
- ☐ Double Tex
- ☐ Ranger's Monies

COMMENTS: OCV. This cow has never been for sale but Alan begged us until we said "yes!" Today is your opportunity to take your breeding program up a notch due to his persuasion. This cow represents the heart of our breeding program. Everything we have worked for has been put into her stacked genetics. Her sire is no less than Top Caliber and her dam is a Doherty 6 clone. Both sides of her pedigree have produced exceptional and high selling individuals. Everybody knows what Doherty 6 did for us. She had a triple twist and had several over 80" daughters, one which sold for \$100,000. This cow will hit 80" TTT this year and you won't find a more interesting horn set with her horns curling back. She is stunning and is bred to our Jamakizm son, Jack Pot. Don't miss her!

— Shalako Chex
— RT Diamond Rosebud

COMMENTS: OCV. Allens 335 is a flashy red and white cow with flat, twisty horns. On the top side she is out of Heavy Touch, out of Touchdown Of RM, out of Super Bowl - you know the bloodline and the superior horns and body they deliver to their offspring. She is out of Shalako Chex on the bottom side who throws great bodies to his babies for the show ring. Butler breeding from VJ Tommie adds horn also on the bottom of her pedigree. She has a heifer calf born 2-9-15 sired by Tractor, a Chuckwagon son and out of a daughter of Hunt's Command Respect. These genetics will be a great addition to your herd.

- ☐ Rutledge's Dinger
- ☐ Sage Sue BL915

COMMENTS: OCV. The genetics packed into this stunning young cow are absolutely the best! Her sire is the over 80" ZD Kelly, a bull out of a Tabasco daughter. He is loaded with horn genetics. Her dam is a clone of the \$80,000 Miss Sue cow, a daughter of the Dinger bull and a Sage Shadow cow. She had our biggest horned bull last year that we have kept. Bred to Touchdown of RM.

Helm Dixie Chic

COMMENTS: OCV. Stunning heifer in every way. Her dam, Helm Dixie Chic and her maternal granddam PC Dixie Classic are both in the high 70s TTT, soon to be 80" TTT. This maternal line goes back to the Jaynie 698 cow that has produced so well for Joe Valentine including MS Grand Jaynie with outstanding offspring all around. Helm Dixie Gal has a strong top side going back to Lambs Temptation, RM Whirlwind WR 7/7 and others. This awesome heifer is bred to our Concealed Weapon son Hubbells 20 Gauge who was 75" TTT at 31 months. This pairing will bring a wealth of 80" to 90" TTT genetics into play including Hubbells Rio Glory (83.5" TTT), Hubbells Morning Glory (78" TTT), and Horseshoe J Example who is near 90" TTT. Terms and Conditions

Except for those stated in the below terms and conditions there are no warranties, either expressed or implied, as to merchantability or fitness for a particular purpose with respect to the cattle being sold at this auction.

The warranties and guarantee set forth in the "Terms and Conditions" are in lieu of all other warranties, either expressed or implied, and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any party claiming through buyer, for any breach or warranty or guarantees therein provided, and all other obligations or liabilities.

1. Bidding

Each animal will be sold to the highest bidder. The auctioneer in charge will settle any disputes as to bids, and his decision shall be final.

2. Terms

Terms of the sale are cash or check or approved credit. Settlement must be made to the clerk at the conclusion of the auction.

3. Purchaser's Risk

Each animal becomes the risk of the purchaser as soon as sold, but will not be delivered until settlement has been made.

4. Certificate of Registry

When full settlement has been made, a certificate of registration will be furnished and transferred to the purchaser. Give full name and address to the secretary when making payments so the Certificates of Registry will be transferred properly.

5. Health

All animals are eligible for interstate shipment except as otherwise noted. The cattle have been tested for tuberculosis and brucellosis within 30 days of sale date. A certificate will be furnished. Cattle have not been tested for any other diseases and therefore it is the responsibility of the prospective purchaser to request any other tests on individual animals from each consignor well in advance of the sale in order to obtain a negative test result for a given disease. Sellers may voluntarily test their cattle for other diseases should they be requested but have no obligation to do so. There is no implied guarantee for refund or replacement of cattle that may test positive for any disease other than tuberculosis or brucellosis after the sale.

6. Announcements

Announcements from the auction box take precedence over printed matter in this catalog. All cattle will be sold by lot numbers, as announced by auctioneer.

7. Breeding Guarantee

(A) All animals are guaranteed to be breeders with the exception of: (a) injury or disease occurring after sale, (b) negligence or willful misconduct on the part of the purchaser.

(B) Any female is considered a breeder if she is pregnant at the time of this sale and /or she has a calf at side.

(C) Any bull which either: (1) produces viable semen; (2) settles 1/3 or more of the healthy cows he serves; (3) is the sire of 20 or more animals; or (4) settles cows by natural service, and passes a fertility test made by a competent veterinarian during

any six month period trial, shall be considered a breeder.

(D) Buyer must notify seller within one year of any breeding problem found in an animal.

8. Embryo Transfer Guarantee

All donor cows that have been worked successfully in embryo transfer are guaranteed to produce good embryos with the exception of other guarantees stated in the footnotes of this catalog or announced from the auction block. It is understood that these guarantees are valid only if: (1) a qualified person or persons do the transfer; (2) donor cow is managed properly in embryo transfer (i.e. not over conditioned and/or overworked); (3) injury or disease does not occur after the sale and (4) the purchaser is not negligent or willfully mistreats the donor cow.

9. Options and Privileges for Return or Adjustment

(A) All claims for adjustment or return must be made in writing within six months of the sale date.

(B) Any animal that has not proven itself a breeder within the time limits specified above, if in healthy condition, may be returned to seller at buyer's expense. The seller reserves the right and privilege of trying for a period of six months to prove the animal a breeder. If proven a breeder, an animal will be returned at buyer's expense. Should the animal fail to breed, the seller, at his option, may either return the purchase price or make replacement of the animal with another of equal value.

(C) Any animal returned must have a veterinarian's certificate that it is free of Bangs and tuberculosis.

10. Rights and Obligations

(A) The above terms and conditions of sale shall constitute a contract between the buyers and sellers of each animal and shall be equally binding upon both.

(B) Animals resold following the purchase in this sale shall constitute a separate transaction, and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

(C) All persons who attend the sale do so at their own risk and the owners nor any person connected with the management of the sale assume any liability, legal or otherwise, for any accidents which may occur.

11. Applicable Law

All cattle (or horses) in this sale are offered according to the laws of the State of Texas. The right to bid, as provided under the law, is reserved for all Consignors, including owners and their agents, unless otherwise announced by the Auctioneer.
