Directions:

Red McCombs Ranch is located 4.5 miles North of Johnson City, Texas on U.S. Hwy. 281.

SALE DAY TELEPHONE: (830) 868-7491.

Dear Texas Longhorn Friends,

Each year at this sale we are honored to host an event that attracts most of the leading breeders of Texas Longhorn cattle. As you may know, the sale ring at the RM has been the site of many record setting cattle over the years, and many of you have taken home cattle that became important to your breeding program and that made you money. Many people tell us that attending this sale is like a family reunion, a sale where they see old friends that they may not see again during the year. We welcome you to the RM, and we hope you will have a memorable time attending both sales this year.

If you are new to the breed, we encourage you to ask questions and we hope that you will take some of the outstanding cattle in the sale home with you. If you are a veteran Texas Longhorn breeder, you know that history tells you that the quality offered in this sale presents numerous opportunities to improve your herd and increase profitability in your program. Each year we marvel at the unselfish consignments we receive and we thank all of our consignors for their continued support, both as sellers and buyers.

It is important to note the growth we have seen in our industry in the past five years. New breeders continue to select the Texas Longhorn breed as the one to invest in. Each year prices for top cattle have escalated in our sale ring, with many observers wondering if they could be repeated, and each new year we see even grander figures. The investment in Texas Longhorn cattle has paid great dividends for many of us these past five years, and we think the best is yet to come.

COACH

SUPER BOWL

Just as records have been set and reset here at the RM, throughout the breed that has become the norm. This year's Texas Legacy II now holds the breed record for sale average, high selling animal and sale gross. Texas Longhorn cattle have tremendous appeal to everyone from investors to weekend ranchers and we feel that now is a great time to own this magnificent breed.

RM.

If you didn't already know it, we are true fans of this breed and encourage others to be a part of it. Since our first year in business, we have focused on owning or using the top bulls in the breed. While you are here at the ranch we invite you to view our bulls, look at their calves out in the pastures if you wish and talk to Red or Alan Sparger about our focus on bulls. We are very pleased to be able to own our interests in Coach and Super Bowl and we are very excited about Touchdown of RM. You will have a chance to buy cows bred to these fine bulls and in so doing you may benefit from our investment, hard work and experience.

One final feature of this sale, started last year, is a Butler section. Lots 18 through 42 are straight Butler. There is only one other sale, the Butler Breeders Invitational, where you have such a large selection of Butler cattle. The Butler cattle, and Butler influenced cattle, have risen to the top of the breed the past 25 years both in terms of use throughout the breed and desirability in the marketplace. The horn genetics found in Butler cattle are second to none. This is a great opportunity. Most important, get involved and enjoy. Bring some friends and share in the fun.

Red and Charline McCombs

	LOT 51 Owned By: Ron & Barbara Marquess - Marquess Arrow Ranch UNSHOOTABLE P.H. No: 53/8 TLBAA: C1225041 Calved: 4-21-98 Description: White and red spotted VJ Tommie (aka Unlimited) No Double OT Superior's Droopy Buckshot Wix Impresiva 246C COMMENTS: OCV. When it comes to consistency, very few bulls can do it better than VJ Tommie. Unshootable is living proof of this. Her incredible color, symmetrical twisty horns, perfect udder, and gentle disposition make her a wonderful find. She is bred to our Blue Phenomenon son, Old Blue, who produces some of our most sought after heifers, because of the consistent blue roan color he produces along with strong early horn growth. Visit our web site www.maranch.com for more information.
Participation	LOT 52 Owned By: Ron & Barbara Marquess - Marquess Arrow Ranch REX ANNE LEIGH P.H. No: 10 TLBAA: C304372 Calved: 1-07-01 Description: White with red face, red speckled body Overhead Headliner FF248 Overlyn JS Tammy Stockton Ranch Hand Miss Monarch Seco FM803 COMMENTS: OCV. Here is a special treat from deep within our program. Both her sire and dam are offered at the Legacy II Sale. Out of the 72" TTT Overhead and 67" TTT JS Tammy. She is bred for horn, color and size! We liked her so much she has been bred to DH Red Ranger who won his class at the horn showcase and is now approaching 72" TTT himself. If you believe in strong pedigrees and that horn sells, this one is for you!!! Visit our web site www.maranch.com for more information.
	LOT 53 Owned By: Ron & Barbara Marquess - Marquess Arrow Ranch FOOL'S PRIDE P.H. No: 148 TLBAA: C211344 Calved: 11-02-01 Description: Red Don Julio Phenomenon Delta Diamond Tejas Traveler Mercury 323 Texas Vision COMMENTS: OCV. This own daughter of the horn producing Don Julio has already proven her worth. She was bred to JM Sue and she produced one of our best heifers. Due to the high demand for YO Tejano Wind heifers we chose some of our best producers to breed to him. She is easy to work and a pleasure in the pasture. Visit our web site www.maranch.com for more information.
	LOT 54 Owned By: Red McCombs Ranches of Texas TRUE COLORS P.H. Terms and Conditions

Except for those stated in the below terms and conditions there are no warranties, either expressed or implied, as to merchantability or fitness for a particular purpose with respect to the cattle being sold at this auction.

The warranties and guarantee set forth in the "Terms and Conditions" are in lieu of all other warranties, either expressed or implied, and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any party claiming through buyer, for any breach or warranty or guarantees therein provided, and all other obligations or liabilities.

1. Bidding

Each animal will be sold to the highest bidder. The auctioneer in charge will settle any disputes as to bids, and his decision shall be final.

2. Terms

Terms of the sale are cash or check or approved credit. Settlement must be made to the clerk at the conclusion of the auction.

3. Purchaser's Risk

Each animal becomes the risk of the purchaser as soon as sold, but will not be delivered until settlement has been made.

4. Certificate of Registry

When full settlement has been made, a certificate of registration will be furnished and transferred to the purchaser. Give full name and address to the secretary when making payments so the Certificates of Registry will be transferred properly.

5. Health

All animals are eligible for interstate shipment except as otherwise noted. The cattle have been tested for tuberculosis and Bangs disease within 30 days of sale date. A certificate will be furnished.

6. Announcements

Announcements from the auction box take precedence over printed matter in this catalog. All cattle will be sold by lot numbers, as announced by auctioneer.

7. Breeding Guarantee

(A) All animals are guaranteed to be breeders with the exception of: (a) injury or disease occurring after sale, (b) negligence or willful misconduct on the part of the purchaser.

(B) Any female is considered a breeder if she is pregnant at the time of this sale and/or she has a calf at side.

(C) Any bull which either: (1) produces viable semen; (2) settles 1/3 or more of the healthy cows he serves; (3) is the sire of 20 or more animals; or (4) settles cows by natural service, and passes a fertility test made by a competent veterinarian during any six month period trial, shall be considered a breeder.

8. Embryo Transfer Guarantee

All donor cows that have been worked successfully in embryo transfer are guaranteed to produce good embryos with the exception of other guarantees stated in the footnotes of this catalog or announced from the auction block. It is understood that these guarantees are valid only if: (1) a qualified person or persons do the transfer; (2) donor cow is managed properly in embryo transfer (i.e. not over conditioned and/or overworked); (3) injury or disease does not occur after the sale and (4) the purchaser is not negligent or willfully mistreats the donor cow.

9. Options and Privileges for Return or Adjustment

(A) All claims for adjustment or return must be made in writing within six months of the sale date.

(B) Any animal that has not proven itself a breeder within the time limits specified above, if in healthy condition, may be returned to seller at buyer's expense. The seller reserves the right and privilege of trying for a period of six months to prove the animal a breeder. If proven a breeder, an animal will be returned at buyer's expense. Should the animal fail to breed, the seller, at his option, may either return the purchase price or make replacement of the animal with another of equal value.

(C) Any animal returned must have a veterinarian's certificate that it is free of Bangs and tuberculosis.

10. Rights and Obligations

(A) The above terms and conditions of sale shall constitute a contract between the buyers and sellers of each animal and shall be equally binding upon both.

(B) Animals resold following the purchase in this sale shall constitute a separate transaction, and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

(C) All persons who attend the sale do so at their own risk and the owners nor any person connected with the management of the sale assume any liability, legal or otherwise, for any accidents which may occur.

11. All cattle are offered for sale according to the laws of the State of Texas.
