Welcome to the RM!

Who would have ever thought that we would be holding this 35th anniversary sale? Over the years we have made great friends and sold some fantastic cattle through the sale ring at the RM. It is our pleasure to invite you to this special event and we want to extend a special thanks to the consignors who have helped us make this sale offering the very finest we have ever had.

RM High Hopes
Photo taken at 19 months

In an industry that is evolving at a record pace, the cattle in this sale well represent the present and the future of this great breed. There are cattle in this sale that will fit the top end of any breeding program. Today is your opportunity to take advantage of these great offerings. It is not often that so many great cattle are available in one sale.

In celebration of this anniversary we have committed some of our very best cattle. We are selling cows that under normal circumstances would not be for sale at any price. We know that many of the elite cows that we are selling cannot easily be replaced but it is our desire to offer cattle right off the top of the breeding program.

This year's heifer sale has a wide range of outstanding genetics from very profitable breeding programs. There is no doubt that this is the best set of heifers we have ever offered. People who are wise enough to buy these heifers will benefit greatly from the addition of some of the best genetics available in the Texas Longhorn business.

Of special note are the lots that we're offering bred to RM High Hopes, our JP Rio Grande son out of the 90" Shadow Jubilee cow. We are very excited to have this bull and think that he has tremendous earning potential. We suggest that when you are looking for the breed's next \$1,000,000 bull that you look no further than High Hopes.

Thanks for coming to the 35th Anniversary Sale

COMMENTS: OCV. M Arrow Miracle (from Ron & Barbara Marquess' great program) is one of my top cows. She was 72" TTT with tons of total horn at 4 years, 6 months. This photo is at 4 years, 3 months. Gorgeous heifer calf born 2-15-14, sired by Bull Whip, Top Caliber x Crockthat was 74" TTT last November 18. I like this cow so much I purchased 1/2 interest in her sire, Gorilla, who is Watson 171 x Delta Van Horne. She is out of a great DH Red Ranger cow, which I think was a super cross. Look at the horns, body, color and base... if this isn't a total package, I've never seen one! And she's just a baby! I love her and I hope you do. I kept her last bull calf by Rip Saw.

COMMENTS: OCV. Twisty horned, good bodied, colorful cow from John Stockton's great program... if you like big base, lots of TTT, total horn and super breeding, you'll like Super Gritty and her Rip Saw bull calf who got her color and should get Rip Saw's horn (this bull calf is a good bull prospect). Combining Butler with Owen McGill breeding works by the looks of this super pair. She always attracts attention in the pasture and is a true front pasture ornament as well as a good producer. I hate to let this beautiful cow go, but it's a challenge to find cows good enough for this great sale... so... enjoy! Bull calf at side by Rip Saw. Terms and Conditions

Except for those stated in the below terms and conditions there are no warranties, either expressed or implied, as to merchantability or fitness for a particular purpose with respect to the cattle being sold at this auction.

The warranties and guarantee set forth in the "Terms and Conditions" are in lieu of all other warranties, either expressed or implied, and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any party claiming through buyer, for any breach or warranty or guarantees therein provided, and all other obligations or liabilities.

1. Bidding

Each animal will be sold to the highest bidder. The auctioneer in charge will settle any disputes as to bids, and his decision shall be final.

2. Terms

Terms of the sale are cash or check or approved credit. Settlement must be made to the clerk at the conclusion of the auction.

3. Purchaser's Risk

Each animal becomes the risk of the purchaser as soon as sold, but will not be delivered until settlement has been made.

4. Certificate of Registry

When full settlement has been made, a certificate of registration will be furnished and transferred to the purchaser. Give full name and address to the secretary when making payments so the Certificates of Registry will be transferred properly.

5. Health

All animals are eligible for interstate shipment except as otherwise noted. The cattle have been tested for tuberculosis and brucellosis within 30 days of sale date. A certificate will be furnished. Cattle have not been tested for any other diseases and therefore it is the responsibility of the prospective purchaser to request any other tests on individual animals from each consignor well in advance of the sale in order to obtain a negative test result for a given disease. Sellers may voluntarily test their cattle for other diseases should they be requested but have no obligation to do so. There is no implied guarantee for refund or replacement of cattle that may test positive for any disease other than tuberculosis or brucellosis after the sale.

6. Announcements

Announcements from the auction box take precedence over printed matter in this catalog. All cattle will be sold by lot numbers, as announced by auctioneer.

7. Breeding Guarantee

(A) All animals are guaranteed to be breeders with the exception of: (a) injury or disease occurring after sale, (b) negligence or willful misconduct on the part of the purchaser.

(B) Any female is considered a breeder if she is pregnant at the time of this sale and / or she has a calf at side.

(C) Any bull which either: (1) produces viable semen; (2) settles 1 / 3 or more of the healthy cows he serves; (3) is the sire of 20 or more animals; or (4) settles cows by natural service, and passes a fertility test made by a competent veterinarian during any six month period trial, shall be considered a breeder.

(D) Buyer must notify seller within one year of any breeding problem found in an animal.

8. Embryo Transfer Guarantee

All donor cows that have been worked successfully in embryo transfer are guaranteed to produce good embryos with the exception of other guarantees stated in the footnotes of this catalog or announced from the auction block. It is understood that these guarantees are valid only if: (1) a qualified person or persons do the transfer; (2) donor cow is managed properly in embryo transfer (i.e. not over conditioned and/or overworked); (3) injury or disease does not occur after the sale and (4) the purchaser is not negligent or willfully mistreats the donor cow.

9. Options and Privileges for Return or Adjustment

(A) All claims for adjustment or return must be made in writing within six months of the sale date.

(B) Any animal that has not proven itself a breeder within the time limits specified above, if in healthy condition, may be returned to seller at buyer's expense. The seller reserves the right and privilege of trying for a period of six months to prove the animal a breeder. If proven a breeder, an animal will be returned at buyer's expense. Should the animal fail to breed, the seller, at his option, may either return the purchase price or make replacement of the animal with another of equal value.

(C) Any animal returned must have a veterinarian's certificate that it is free of Bangs and tuberculosis.

10. Rights and Obligations

(A) The above terms and conditions of sale shall constitute a contract between the buyers and sellers of each animal and shall be equally binding upon both.

(B) Animals resold following the purchase in this sale shall constitute a separate transaction, and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

(C) All persons who attend the sale do so at their own risk and the owners nor any person connected with the management of the sale assume any liability, legal or otherwise, for any accidents which may occur.

11. Applicable Law

All cattle (or horses) in this sale are offered according to the laws of the State of Texas. The right to bid, as provided under the law, is reserved for all Consignors, including owners and their agents, unless otherwise announced by the Auctioneer.
