Dear Texas Longhorn Friends,

Welcome to the RM for our 80<sup>th</sup> Birthday Bash. We look forward to seeing our many Longhorn friends each spring at our Fiesta Sale, and we are excited to have this special event this fall.

In the past we have had ranch tours on Friday and we invite you to tour the ranch in your own vehicle and view our herd. We are very pleased with our progress in adding strong, predictable genetics to the herd and we currently have an outstanding lineup of young bulls as well as the great Super Bowl. You will be impressed with the calves of Touchdown of RM, you will like the quality and eye appeal of MC Super Rex, you will be interested in our Butler program and our great young Coach son RM King Midas and you will love the pedigree and color of BH Butler Shi-Zam. Each of these bulls will be represented in our sale offering and we know there will be opportunities to purchase cattle destined for greatness in this sale. Maps of the ranch will be available along with descriptions of the cattle in each pasture.

MC Super Rex

We are proud to bring to your attention the addition of some exciting females to our herd. At this year's Texas Legacy III, we bought three magnificent cows out of the Tari Graves family, Tari's Image, Tari's Treasure and Awesome Emily along with a fabulous Butler cow, Welfare's Starlet. At our spring sale we announced the purchase of a group of cows from the top end of the Hudson Longhorns herd. Those cattle were selected in June and 13 cows along with our pick out of the 100 heifers in the Hudson herd were added to our breeding program. This group contains some of the most magnificent Longhorn cows we have ever seen and some of the most proven breeding in the industry. Our most recent purchase is a heifer sired by Heavy Hitter that turned two years-old this month and measures 62" tip-to-tip.

Touchdown of RM

A special feature of this year's sale is the Birthday Bash Babydoll Heifer sale to be held at the pre-sale party. When we circulated the idea to have this sale we were very pleased with the interest in having the sale and our consignors have brought their best. Our charge to them was, we only want heifers that are the kind *you* would want to buy. They have met that challenge and we know that you will find something in this group that can improve your herd.

As you all know, we are serious about Texas Longhorn cattle! Since our beginning in 1978, we have pursued the best bulls, highly promoted our sales and brought new people and new ideas to the industry. We have tried to serve the breed and its breeders in a positive manner and we have made many wonderful friends along the way. Recently we became involved in an exciting new marketing group, the Texas Longhorn Marketing Alliance. This association was established primarily to promote Texas Longhorn cattle, bring new marketing skills to the table and spread the word of this great breed to new people. If you want to be more involved in marketing and promotion, we suggest you join TLMA.

The lifeblood of any registered breed is new breeders. If you are an established breeder, we encourage you to bring a friend or associate to the sale so that they might see for themselves what our product is. If you are a new breeder, welcome and take advantage of this event to educate yourself and get to know the people who help make up this business. We know from personal involvement that Texas Longhorn cattle offer all of us a unique opportunity to participate in the most exciting cattle breed in America. Whether you have interest in showing, horn measuring, weekend ranching or even commercial use of the cattle, there is something for everybody in this breed and as an added bonus the fun and social activities you find in this breed you won't find anywhere else.

Thanks for coming. Join the party, enjoy Asleep at the Wheel and find something to take home from the sales.

Red and Charline McCombs

Little Ace Miss Edna 197

COMMENTS: OCV. This fairly young cow is by the famous Lamb's Power Play bull that went back to Phenomenon and had a reputation for results. She has a remarkable set of horns that are slick, pink, flawless and headed in the right direction for a treasured foundation cow. We have bred her to our 72" Emperor grandson, Gun Smoke, from 3-25-07 to 10-15-07, for his consistency and because we like the Phenomenon/Emperor connection. We are keeping two of her heifers as replacements. Offspring Millennium Futurity eligible.

COMMENTS: OCV. Colored like her namesake, this youngster promises to be something special. She goes back to Dark Star on the top, the cow that sold for \$60,000 in this same sale ring a while back, and she is out of a dam with Hot Shot influence. Her horns are headed in the right direction and could reach the 70" mark before she is done. We have bred her to Maximus ST to 10-15-07 with the expectation of a colorful calf with massive horns. Lots of opportunity here. Offspring Millennium Futurity eligible.

COMMENTS: OCV. A beautiful, big horned Tabasco daughter and producer of one of our best 2006 heifers. Her 2005 bull calf is a herd sire and we retained the heifer. This cow is not just another pretty face and big horns...She produces! As Eddie says, "There's a difference..." You'll not regret adding this great cow to your herd! And her horns just keep on growing and growing. Exposed to Olympic Gold from 3-25-07 to 10-1-07.

She is exposed back to our Coach son, Olympic Gold (5-3-07 to 10-1-07), who is a full brother to Stagecoach and has the same dam as Ambush. COMMENTS: We are keeping her 2007 heifer. She is pasture exposed to a son of GF Heavy Hitter (Hitters Little Rug Rat from 4-15-07 to 8-1-07). This is working for me. ☐ Horse Head Super Elixir☐ Horse Head Buttons

COMMENTS: I could not make any comment, just let Laura be herself. "But" she is a 5 year-old that is just as good as there is - conformation, milk, horns - that's the "trinity." This cow is from my program and I am proud of it. Check around. She has half sisters that are built just like her. Her sire, Wiregrass Phenomenon, is consistently the best producer that is in the Wiregrass program. This cow is not one of a kind produced by Wiregrass Phenomenon, but one of several. You will do well if you buy this cow. If I get her AI'd to the bull I hope to, you might wet your pants trying to buy her. Not many of this kind show up at a sale. Here is a thank you, Alan!

Except for those stated in the below terms and conditions there are no warranties, either expressed or implied, as to merchantability or fitness for a particular purpose with respect to the cattle being sold at this auction.

The warranties and guarantee set forth in the "Terms and Conditions" are in lieu of all other warranties, either expressed or implied, and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any party claiming through buyer, for any breach or warranty or guarantees therein provided, and all other obligations or liabilities.

## 1. Bidding

Each animal will be sold to the highest bidder. The auctioneer in charge will settle any disputes as to bids, and his decision shall be final.

## 2. Terms

Terms of the sale are cash or check or approved credit. Settlement must be made to the clerk at the conclusion of the auction.

## 3. Purchaser's Risk

Each animal becomes the risk of the purchaser as soon as sold, but will not be delivered until settlement has been made.

## 4. Certificate of Registry

When full settlement has been made, a certificate of registration will be furnished and transferred to the purchaser. Give full name and address to the secretary when making payments so the Certificates of Registry will be transferred properly.

## 5. Health

All animals are eligible for interstate shipment except as otherwise noted. The cattle have been tested for tuberculosis and Bangs disease within 30 days of sale date. A certificate will be furnished.

## 6. Announcements

Announcements from the auction box take precedence over printed matter in this catalog. All cattle will be sold by lot numbers, as announced by auctioneer.

## 7. Breeding Guarantee

(A) All animals are guaranteed to be breeders with the exception of: (a) injury or disease occurring after sale, (b) negligence or willful misconduct on the part of the purchaser.

(B) Any female is considered a breeder if she is pregnant at the time of this sale and/or she has a calf at side.

(C) Any bull which either: (1) produces viable semen; (2) settles 1/3 or more of the healthy cows he serves; (3) is the sire of 20 or more animals; or (4) settles cows by natural service, and passes a fertility test made by a competent veterinarian during any six month period trial, shall be considered a breeder.

## 8. Embryo Transfer Guarantee

All donor cows that have been worked successfully in embryo transfer are guaranteed to produce good embryos with the exception of other guarantees stated in the footnotes of this catalog or announced from the auction block. It is understood that these guarantees are valid only if: (1) a qualified person or persons do the transfer; (2) donor cow is managed properly in embryo transfer (i.e. not over conditioned and/or overworked); (3) injury or disease does not occur after the sale and (4) the purchaser is not negligent or willfully mistreats the donor cow.

## 9. Options and Privileges for Return or Adjustment

(A) All claims for adjustment or return must be made in writing within six months of the sale date.

(B) Any animal that has not proven itself a breeder within the time limits specified above, if in healthy condition, may be returned to seller at buyer's expense. The seller reserves the right and privilege of trying for a period of six months to prove the animal a breeder. If proven a breeder, an animal will be returned at buyer's expense. Should the animal fail to breed, the seller, at his option, may either return the purchase price or make replacement of the animal with another of equal value.

(C) Any animal returned must have a veterinarian's certificate that it is free of Bangs and tuberculosis.

## 10. Rights and Obligations

(A) The above terms and conditions of sale shall constitute a contract between the buyers and sellers of each animal and shall be equally binding upon both.

(B) Animals resold following the purchase in this sale shall constitute a separate transaction, and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

(C) All persons who attend the sale do so at their own risk and the owners nor any person connected with the management of the sale assume any liability, legal or otherwise, for any accidents which may occur.
